WHO AM I?

My name is Desislav (Dex) Iliev and I am a Graphic, Web and Motion Designer with proven ability to work all various aspects of design, traditional branding, marketing, and advertising, as well as, web design and motion graphics/animation.

I have significant experience managing print and interactive projects, in-house staff and freelance designers. I have excellent design aesthetics and efficient time management skills. I enjoy finding creative solutions through technology and design, while maintaining superb quality and within budget.

I am passionate about emerging technology, branding and marketing strategies and new design trends.
